AFTERROOM DINING CHAIR

## AFTEROOM DINING CHAIR

### About

The Afterroom Chair is a tribute to Bauhaus and functionalism - reducing the amount of material to a minimum and enhancing the aesthetic appearance to a maximum.

### Design

Afterroom is a Stockholm-based design studio, respecting wear and tear and the passage of time. Founded and directed by Hung-Ming Chen and Chen-Yen Wei, the studio's mission is simply to create beautiful products which will increase in value with the passage of time - design with which one can grow old. The inspiration derives from an intriguing interest in forms, senses, proportions, materials and cultures. The philosophy pivots around simplicity and honesty.

### Features and benefits

The Afterroom chairs of the Afterroom series are ideal for public spaces such as bars and restaurants. The tubular steel construction refers to the important Bauhaus movement where functionality was key - simple construction, with tremendous durability. The chairs are very light - hence very easy to move around. The chairs have Afterroom tables matching their height.

### Material

Powder-coated metal frame and lacquered wood seat and back  
Upholstery: Anthrazite / Cognac "Dunes" leather by Sørensen Leather  
[www.sorensenleather.com](http://www.sorensenleather.com)
