

TRUMPET COAT STAND

The Mater Trumpet Coat Stand is a contemporary and sculptural piece of design made by the Danish architect duo Space Copenhagen. The nine discs in three different sizes are fitted to the stand and positioned at angles suitable for hanging hats, scarves and umbrellas. A part of the aluminium is derived from aluminium waste and is sand casted by hand in a small Indian workshop. Trumpet is flat-packed for ease of labour and transportation.

ITEM NO.	00225 Aluminium 00226 Black powdercoat
DESIGNER	Space Copenhagen DK
MATERIAL	Partly recycled aluminium
Finish	Black powder coated or polished aluminium
ORIGIN	India

DIM	Ø 64 cm x H 200 cm DIA 25.1" x H 78.7"
