The Seine Collection by Space Copenhagen was inspired by the behavior of light in moving water, an effect that was captured through the use of patterned mouth-blown glass. The collection comprises of a Table Lamp, Ceiling Lamp, and Pendant, each of can be configured with a shade in Smoke, a lightly tinted translucent glass which reveals the inner structure of the lamp, or Coral, where the interior of the shade has been sand-blasted to create a clouded effect. Each Seine lamp draws on the power of glass to soften, layer, and blur light, creating a dreamy a reflective ambiance.
